Dear Customers and Colleagues,

Re: Update on the Bermuda Register of Aircraft

Further to my previous communications with regard to the growth of the Bermuda Register of Aircraft, I write to advise that tremendous progress has been made to restructure our operation. The Government of Bermuda is supportive of the continued growth of the Register and the preparation of a Strategic Plan is in progress inclusive of the recruitment of additional resources.

As a result, the Department of Civil Aviation is now better positioned to assist with your aircraft registry needs. I would like to take this opportunity to thank you for your patience over the past few months and will update you as we move forward to complete this restructuring process.

If you have any questions or concerns, please do not hesitate to contact me or one of the BDCA staff.

Yours sincerely,
